Review 2

Be comfortable with the following:

- LVM
  - Creating pvs,vgs,lvs
  - extending/shrinking?
  - removing
- Remote
  - NFS
  - Connect to my share
  - Set up your own nfs server and directory
  - ISCSI
  - Connect to a target
  - Set up your own target
- GPT/UEFI
  - Can't think of any practical things here
